Report-in-Brief:  
The City Council formed and began assessing Atascadero Street and Storm Drain Maintenance District No. 03 (De Anza Estates) in 2005. This district was formed to provide funding for future routine maintenance of the streets, storm drains and sidewalks in the De Anza Estates subdivision. 

The City Council also formed and began assessing Atascadero Landscape and Lighting Maintenance District No. 03 (De Anza Estates) in 2005. This district was formed to provide for funding and maintenance of street trees, open space, park area, medians,
walkways, paths and other landscape and lighting improvements within the De Anza Estates subdivision.

Willdan Financial, an independent financial consultant, was hired to prepare the engineer’s report for the two districts. The engineer’s report and the levies must be approved by Council annually. This is done in a two-step process. Tonight, there are three resolutions for each district (a total of 6 resolutions in all) that must be passed in order to continue the assessments within the districts. The resolutions passed tonight will also establish the date and time for the public hearing. The public hearing is tentatively scheduled for June 14, 2011, at 6:00 p.m., at which time the final resolutions will be presented to the Council for passage.

The proposed assessments for fiscal year 2011/2012 are less than the Maximum Assessment Rate. In accordance with the formula voters of the district adopted in 2005, the City may increase the Maximum Assessment Rate for inflation by the greater of the Consumer Price Index (CPI) or 3.0%. The Maximum Assessment Rate was increased by 3.0% this year for both districts. The Landscape and Lighting District has a surplus fund balance, so the City staff held a neighborhood meeting to receive input from property owners as to the preference on how to treat the surplus. The property owners in attendance requested an assessment of about 20% of the allowable maximum annual assessments for the Landscaping and Lighting District, and about 95% for the Street and Storm Drain District.

| Atascadero Street and Storm Drain Maintenance District No. 03 De Anza Estates - Senior Housing | $591.19 | $348.78 |
| Atascadero Street and Storm Drain Maintenance District No. 03 De Anza Estates - Single Family Residential | $730.90 | $692.16 |
| Atascadero Landscaping and Lighting District No. 03 De Anza Estates | $1,048.01 | $210.00 |

Also during the neighborhood meeting, the subject of the horse arena came up. The arena was installed for the benefit of the horse-riding community, with an agreement that the interested individuals would care for and maintain the arena. However, many of the De Anza residents expressed concerns that the arena isn’t being maintained. Residents have indicated that they have witnessed horse trailers being cleaned out at the arena. In addition, residents are negatively impacted by the trash left behind, the smell, and the flies. The local horseman’s association has been contacted on several occasions and is unwilling to maintain the arena at this time. The assessment district does not provide funding for the maintenance of this facility, nor is it included in the City’s budget. De Anza residents are requesting that the Council consider the permanent closure of the arena.

**FISCAL IMPACT:**

Annual assessments for 2011/2012 will total $38,923 for road/drainage system maintenance and $13,335 for landscape and lighting maintenance. These amounts will be assessed to the owners of parcels in De Anza Estates. The City General Fund will
contribute $1,466 for the fiscal year 2011/2012 for half of the maintenance costs of the trails and open space.
