ROAD CLOSURE
IMPACTING SCHOOL TRAFFIC

Portions of East Mall and Palma Avenue will be closed to through traffic beginning August 16, 2010 through approximately June, 2013

The rehabilitation of the Historic City Hall Building will be commencing this summer, prior to the beginning of the 2010-2011 school year. An area surrounding the historic building will be fenced off to allow for the construction activities, and more importantly, providing safety to pedestrians and vehicle traffic around the school.

Safety is the City’s primary concern and the City requests the cooperation of the community in that effort. As indicated in the map above, portions of East Mall, Palma Avenue, and the East Mall
Parking Lot will be closed for approximately the next three school years. The entire construction site will remain securely fenced throughout the Project.

- **EAST MALL** – CLOSED between Lewis Avenue and Palma Avenue.

- **PALMA AVENUE** – REDUCED TO ONE LANE; ONEWAY ONLY between East Mall and West Mall (East to West).

- **EAST MALL TRANSIT STOP** – RELOCATED; The City is working with San Luis Obispo Regional Transit Authority (SLORTA) to relocate the East Mall bus stop. Notifications and flyers will be distributed to passengers at a later date.

- **EAST MALL PARKING LOT** – CLOSED, except for access to the Colony House as noted below.

- **COLONY HOUSE** – OPEN; Access to the Colony House and a small number of parking spaces in the adjacent lot will remain open throughout the project.

The City of Atascadero is working to restore the utility, history and beauty of the Historic City Hall for the benefit of current and future residents. The City appreciates your assistance to make this a safe and successful project, and welcomes your comments.

For any inquiries traffic re-routing, please contact the City of Atascadero Public Works Department at (805) 470-3180.
