9-6.142 Individual mobile homes.

(3) Roof overhangs, roofing material and exterior siding which shall extend to the ground shall be compatible with other dwellings existing within the surrounding area. At the time of permit application, the Planning Director shall review the architectural features and treatment of the proposed mobile home with similar features on existing dwellings within the area and may be appealed to the Planning Commission and the decision of the Planning Commission may be appealed to the City Council, as set forth in Section 9-1.111.

(4) Mobile homes shall have a minimum width of twenty (15) feet. Manufactured homes with widths less than 15 feet may be permitted with approval by the Design Review Committee (DRC).

(5) Utility connections including water, sewer, gas and electric shall be made permanent in the same manner as conventional housing. Utility shutoff valves shall be accessible and shall not be located under the mobile homes or behind siding or skirting.

(6) No additions or other structural modifications shall be made to the mobile home without prior approval from the State Department of Housing and Community Development and the Atascadero Planning Department.

(7) An application shall include all information necessary to comply with State of California regulations, as well as other permit information and fees established by the City for its processing of a mobile home application.

(8) Prior to the provision of utility services and the issuance of a certification of occupancy, the owner of the mobile home shall surrender to the City the certificate of ownership, license plates, or decals, and other department of motor vehicles registration indicia. If any of these items are not available, the owner shall submit to the City a “statement of facts” on the appropriate Department of Motor Vehicles form indicating that these items are missing or lost. When the mobile home is new and has never been registered with the Department of Motor Vehicles, the owner shall submit to the City a statement from the mobile home dealer selling the mobile home stating that the mobile home is new and has never been registered.
