Atascadero Historic City Hall Project
Summary of Progress
October 2011

The following is a summary of construction progress for the Historic City Hall Project during the month of October 2011:

• Micro pile drilling operations is completed on October 19, 2011.

• Pile cap operations begin with shoring placement, and foundation excavation at the basement.

• Exterior shrink wrap protection is placed following removal of roof tiles and brick.

• Interior lead and asbestos abatement continues.

• Existing wood framing is removed for shotcrete installation, and new ceiling and wall finish layout.
