Atascadero Historic City Hall Project

Summary of Progress

September 2011

The following is a summary of construction progress for the Historic City Hall Project during the month of September 2011:

- Roof tile and substructure removal continues. Building protection is installed.
- Micro pile drilling continues at the basement and exterior of building to stabilize the foundation.
- Damaged exterior upper dome unreinforced masonry wall brick is removed, and stored for repairs.
- Interior lead and asbestos abatement continues.
- The upper rotunda historic fabric, and the 5th level mezzanine is documented, removed, tagged, and stored.
