Nutcracker Drama Camp

AGES: 7-15 YRS

Instructor: Brendan P. Kelso

This holiday season, join us for the magical world of THE NUTCRACKER.

We will turn this classic tale into a melodramatic, over-the-top, fun, end-of-the-week performance for family and friends! No dancing in this one, but plenty of mice, magic, laughter, and drama games!

Taught by playwright, *Brendan P. Kelso*, author of 40+ published stage adaptations with 20 years of experience running youth drama camps- whose motto is *“the best way to learn is to have fun.”*

AGES: 8-13

Instructor: Savannah Evans-Hatcher savanah_e@yahoo.com or 805-835-6961

What does a marine biologist do? What happens inside a chemist's lab? How do archeologists uncover the past? In **Future Scientist Exploration**, students will spend 10 weeks discovering the many different careers, possibilities, and pathways within the world of science!

Class begins with a short, engaging introduction to the profession: what they're called, what they study, what their work looks like, and videos that take us inside real labs and work sites. Then, students will put science into action with a hands-on experiment, challenge, investigation, or project inspired that week's career.

This class is designed for ALL future scientists, boys and girls alike! Students don't need to consider themselves "science kids." The goal is to explore, experiment, and discover what interests them while learning just how many different directions STEM can take them. Perfect for curious preteens beginning to think about classes, subjects, and experiences they may want to explore in high school, college, and beyond.

10 weeks. 10 science careers. So many possibilities.

Storytime Stem

Instructor: Savannah Evans-Hatcher savanah_e@yahoo.com or 805-835-6961

Stories, building, and big imaginations come together in STORYTIME STEM! Each class begins with a story and a fun introduction to our theme of the day. Then, it's time to build, create, and explore!

Young makers will use hands-on materials like blocks, LEGO, Magna Tiles, and more stack, connect, and design, experiment, and bring their ideas to life.

Each week features a new story and theme giving kids plenty of opportunities to explore early STEM concepts, practice problem solving, and get creative through play.

Have an older sibling with you after school? Bring them along! Older siblings are welcome to join in and create alongside us, though activities are designed especially for ages 2.5-6.

“Faces of Freedom” VETERANS MEMORIAL

Located near the Atascadero Lake Park, the construction of the beautiful “Faces of Freedom” Veterans Memorial was initiated by the Atascadero Veterans Memorial Foundation. A 501-C3 Non Profit Organization, the AVMF was founded specifically to design and to build a World Class Veterans Memorial here on the California Central Coast with a completed value of nearly \$1,000,000. Built to honor all of America’s Veterans, the Memorial has three unique components: Hero’s Wall, the “Faces of Freedom” Statue, and “The Pathway to Freedom.”

The Hero’s Wall specifically honors over 231 San Luis Obispo County Veterans who have paid the ultimate price with their selfless service and sacrifice to our nation. The “Faces of Freedom” Statue represents an artistic time line that honors our nations’ military heroes from WWI to the present. The final component is “The Pathway to Freedom” a 20,000+ engraved brick pathway that leads to and embraces the Veterans Memorial. The Pathway’s purpose is to provide a place to honor both Veterans and Active Military in two ways: First of all, bricks may be engraved with the name of someone who currently serves or has served this great Nation; Second, it gives those who have not served an opportunity to show their support for our Veterans through a family or business brick. These engraved brick pavers are still available and can be reserved and installed for a \$150 donation to the Memorial Foundation.

Anyone interested in reserving an engraved paver is invited to use the order form below or to go to our website at: www.FacesofFreedomMemorial.org For more information call (805) 470-3360.

Instructor: Madalena Medeiros (805) 234-7089

This chair yoga class is designed for older adults who will benefit from yoga practices while seated in and standing with the support of a chair. However, it is open to adult practitioners of all ages and levels. The yoga practices will include research-based brain healthy yogic techniques that contribute to greater neuroplasticity and neurogenesis in our brains which support memory maintenance. Most importantly, it will be a class the inspires strength, balance, and mindfulness... with an element of "neuro-play." Please bring a yoga mat and towel.

Youth Evolution Soccer

Instructor: Isaias Rosas (805) 202-8320

AGES: 2-11 YRS

Baby Kickers (2 - 3.5 yrs)

Introduce your child to the best sport on the planet! With your participation and encouragement, the baby kickers will learn the fundamental steps necessary to understand the sport of soccer. Instructor guidance and movement skills are developed using engaging games and activities with appropriately sized soccer goals, providing an unforgettable experience like no other. Jersey included.

Junior Level (3 - 4 yrs)

With your participation and encouragement, the junior soccer class will teach the fundamentals steps necessary to understand the sport of soccer. Instructor guidance and movement skills are developed using engaging games and activities with appropriately sized soccer goals, providing an unforgettable experience like no other. With a parent participating by their side, kids will have fun learning basic soccer skills like chasing, running, kicking and listening.

Level 1 (4 - 5 yrs)

Learn fundamental movement skills and build overall motor skills. This course is designed for children to learn the fundamentals of soccer. The program focuses on techniques using activities that subsequently help build onto each other, helping children to gradually increase their ability to learn basic soccer skills by also helping to establish a fun, nurturing atmosphere for the players.

Level 2 (5.5 - 7 yrs)

This course will focus on dribbling, passing, shot technique and teamwork. Children will be introduced to fitness and sportsmanship, providing an opportunity for children to be challenged through fun games and team interaction. Following our motto, Play, Learn and Grow, children will now be introduced to a variety of skills that will improve their overall motor skills to play the sport of soccer.

Level 3 (8 - 11 yrs)

The Level 3 course aims to improve large motor skills, spatial awareness, and teamwork. The instructor will focus on fitness, agility, drills become a bit more advanced and teach children how to perform under pressure. Drills are focused on more complex activities that include fast breaks and multiple defensive structures. Your child will now learn explosive plays, improve their footwork, and develop their range and accuracy of shooting on goal.
