Dog Obedience

Instructor: Karen Clanin kclanin@sbcglobal.net

Karen Clanin has been instructing classes at all levels since 1969 and started instructing for the City of Atascadero in 1979. The Beginning Dog Obedience class will cover sit-stand-down, walking on a leash without pulling, come when called, sit & down stay. Karen's methods are mostly positive reinforcement, making the learning fun for the owner as well as the dog.

For the 1st class, bring your dog on the collar you have and the leash you have (no harnesses please). Proper equipment will be discussed in the first class. Also, bring a smelly, tasty, easy to swallow training treat. Karen suggests keeping the treats in a fanny pack, so they are easy to get to.

A copy of your dog's immunization record, available from your vet, must be brought to the first class for Karen to keep. Class is scheduled for 1 hour but may run over slightly so please allow the time. This class is not for aggressive dogs, if you have a question about this contact Karen and she may meet you privately for evaluation. Please no wolf or wolf-hybrids in class..

NOTE: Class will be held at Karen's facility. You must contact Karen prior to the 1st class for directions at kclanin@sbcglobal.net

"Faces of Freedom" **VETERANS MEMORIAL**

Located near the Atascadero Lake Park, the construction of the beautiful "Faces of Freedom" Veterans Memorial was initiated by the Atascadero Veterans Memorial Foundation. A 501-C3 Non Profit Organization, the AVMF was founded specifically to design and to build a World Class Veterans Memorial here on the California Central Coast with a completed value of nearly \$1,000,000. Built to honor all of America's Veterans, the Memorial has three unique components: Hero's Wall, the "Faces of Freedom" Statue, and "The Pathway to Freedom."

The Hero's Wall specifically honors over 231 San Luis Obispo County Veterans who have paid the ultimate price with their selfless service and sacrifice to our nation. The "Faces of Freedom" Statue represents an artistic time line that honors our nations' military heroes from WWI to the present. The final component is "The Pathway to Freedom" a 20,000+ engraved brick pathway that leads to and embraces the Veterans Memorial. The Pathway's purpose is to provide a place to honor both Veterans and Active Military in two ways: First of all, bricks may be engraved with the name of someone who currently serves or has served this great Nation; Second, it gives those who have not served an opportunity to show their support for our Veterans through a family or business brick. These engraved brick pavers are still available and can be reserved and installed for a \$150 donation to the Memorial Foundation.

Anyone interested in reserving an engraved paver is invited to use the order form below or to go to our website at: www.FacesofFreedomMemorial.org For more information call (805) 470-3360.

JULY 5TH **GARDEN PARTY**

Garden Party is a Classic Rock Band led by Danny Grasseschi with an allstar group of amazing pro level players - Mark Paisley on keys, Rob Espinosa on guitar and vocals, Russ Kuster on bass and vocals and co-founding member Steve Hilstein on drums. We are five seasoned musicians that have been playing in multiple bands since our teens. For over 12 consecutive years we joined together as a band of friends playing music for our dear friends in Robin's Garden in Cambria for their "Summer Nights" series, From

this experience (and the Rick Nelson song) came the name "Garden Party". We all have a passion for live music. Together in Garden Party, we play covers of 60's and 70's folk rock music, with the goal of spreading peace, love and good vibrations through our authentic covers of some of the greatest hippie songs ever written!

JULY 12TH JOSH ROSENBLUM BAND

Josh Rosenblum is an artist based on California's Central Coast. With musical roots in jazz, his sound today brings a pop sensibility to the genres of southern rock, soul and country to create original, mass appeal music.

Forming his band in 2008, he works with a collective of various musicians. releasing 7 studio albums and tours the West on a regular basis. Josh's modern, high energy vibe works perfectly along his old-soul-like musicianship, soaring vocals, and writing style that makes songs that sound familiar.. Josh writes all of his words and music, taking inspiration from past experience, the hypothetical, day-to-day struggles and just good oldfashioned story telling.

AUGUST 9TH JD PROJECT

Music can mean many different things to many different people. For some, music provides the underscore to their lives, always in the background,

accompanying their day-to-day activities, but rarely in the forefront. For others, music is the soundtrack of their lives, often out in front of everything, matching the pulse and mood of their current state. For others still, music is an art, a science, something to be analyzed. San Luis Obispo's own, The JD Project, provides the kind of music that works very well for all three instances. Their driving blend of rock, blues, soul, and country provides a pulse that is great for a party atmosphere.

Guitarist Dorian Michael, bassist Ken Hustad and drummer Dean Giles have been playing this music together for a couple
