The Community Development Department is launching a “Coffee with a Planner” series to foster casual, informative conversations between the community and City Planning Staff. These sessions will provide an opportunity to discuss topics such as land use, zoning, and development throughout the City.

Each session will focus on a specific topic, but staff will be happy to address additional questions as time allows.

We invite you to join us for this and future sessions and encourage attendees to support our local coffee shops by purchasing a coffee to enjoy during the discussion.
